Children with Special Needs:

In relation to applications for the enrolment of children with special needs, the Board of Management may request a copy of the child's medical and/or psychological report or where such is not available, to request that the child be assessed immediately. The purpose of the assessment reports is to assist the school in establishing the educational needs of the child relevant to his/her disability or special needs and to profile the support needs required. The Board may decide to defer enrolment of a particular child pending:

- (a) The receipt of an assessment report; and/or
- (b) The provision of appropriate resources by the DES to meet the needs specified in the psycho- educational or medical report.

Any other useful information

For instance, list any problems the child may have in relation to health, (allergies, epilepsy, asthma, sight, hearing, speech, fainting, etc.) toilet training, inability to cope with buttons, laces etc. The school should be made aware of any court order that affects the child's welfare and also the name of any person into whose custody the child should not be given.

We have read and understand the schools Enrolment & Code of Behaviour Policies (available on the school website at www.glenderryns.com) and agree to abide by them. We will co-operate with the staff and support the ethos of the school.
